Professional Summary

An adaptable 2nd-year Computer Science student specializing in full-stack web development and AI/ML applications. Experienced in building user-centric web platforms using modern frameworks while exploring data-driven intelligent systems. Combines strong technical fundamentals with proven leadership experience managing operations in campus tech frameworks like the IEEE Sensors Council. Seeking an impactful internship to apply robust coding skills, rapid prototyping, and engineering passion to real-world software products.

Employment History

SECRETARY-SENSOR'S COUNCIL, IEEE VSSUT STUDENT BRANCH. SAMBALPUR, ODISHA

May. 2026 - Present

- Manage internal and external communications, serving as the primary point of contact for the IEEE Sensors Council, and maintaining comprehensive documentation of meetings and strategic decisions.
- Co-coordinate the planning and execution of technical workshops, webinars, and council events, ensuring seamless logistics and cross-team collaboration.
- Act as a key operational link between the student executive committee, faculty advisors, and external industry professionals to streamline chapter initiatives.
